Homes	Sick Room
Hospital	Trains
Hotel/Motel	Vehicles
Kennel	Veterinary Office

### FEATURES

- Kills the virus that causes COVID-19 in 30 seconds
- Approved for hospital use
- Appears on List N: Products for COVID-19
- Pre-measured pouches that can be stored for years longer than bleach
- No wipe, no rinse, no residue
- Just add water
- No poisonous or carcinogenic residue on surfaces
- Uses chlorine dioxide to rip apart bacteria and viruses\*
- Made fresh every 15 days
- No harsh, chemical fumes
- Eliminates allergens and odors

**GREAT FOR EMERGENCIES** - Comes in pre-measured pouches that can be stored for years longer than bleach in very little space; Make it fresh when you need it, **JUST ADD WATER**; Stays fresh for 15 days after activation.

### CONTACT

PERFORMACIDE® is a multi-use disinfectant. Gentle enough to use as a food-surface sanitizer, yet powerful enough to take care of industrial-scale disinfection protocols. Available in several pre-measured pouch sizes, Performacide can achieve different dilutions depending on the scope of the cleaning.

## PERFORMACIDE IS PROVEN EFFECTIVE IN ELIMINATING AND KILLING 99.9% OF THESE PATHOGENS
